## *Shack Attack* *Ping-Pong and Tacos by the Beach*

*One day soon, it will happen.*

*The cold weather will break.*

*And when it does, you'll want to be prepared.*

*You'll need a place where bikinis are not only allowed but encouraged, where Mexican beer runs ice cold and where the fish tacos flow freely.*

*Maybe we can help...*

*Presenting Taco Beach Shack, a lounge-y new shack offering you tacos, beer and friendly games of co-ed ping-pong, now open on Hollywood Beach.*

*This is just what it sounds like, only maybe a little bit nicer. Situated a few blocks from the beach, the place feels like a funky cantina you might've stumbled onto during your travels through the Yucatan, complete with outdoor sofas, Mexican beers, two ping-pong tables and a [healthy supply of tacos](#) (go for the Pepper Crusted Alaskan Crab or the Korean Short Rib with Kimchi Slaw).*

*And since it's an offshoot of the traveler-friendly Hollywood Beach Hostel, don't be surprised if you and your friends find yourselves sharing guacamole-related war stories with leggy visitors from Scandinavia.*

*We hear Swedes love tacos.*
